STATES BORDERING ON THE
GULF ARE BEING DELUGED
WITH RAIN.

RIVERS RISING RAPIDLY

Train Service Badly Demoralized
Throughout Georgia—Cloudbursts
Reported From Many Localities.
Hurricane Signals Out in Florida
and Scores of Buildings Demolished
by the Wind.

Atlanta, Ga., Feb. 28.—The South eastern Gulf states have been deluged by rain for the last 24 hours. The precipitation was very heavy and at Columbus, Ga., a bridge was swept away during the evening. The rain-fall there was almost a cloudburst, the Chattahoochee river rising at the rate of two feet an hour. Several washouts were reported on a number of roads and trains out of Columbus were annulled. There has been no loss of life.

The rain has been falling in torrents all day. No trains except the Central of Georgia from Macon have reached Columbus since noon. There are several washouts on the Seaboard Air line between here and Albany, Ga., which stops traffic on that line. The Associated Press wire is the only one in operation toward the north.

After an intermittent rain of 20 days Birmingham was deluged early in the morning. The rain flooded the streets and many awnings and street signs were torn away. Flooded tracks are interfering seriously with street railway traffic and the rainfall still continues. All streams are swollen and rapidly rising.

The excessive rainfall has caused a rapid rise in the Coosa and Alabama rivers. The director of the weather bureau has issued warnings for points below Wetumpka and advised that stock be removed from lands subject to overflow at the 35-foot stage.

In Atlanta rain fell in torrents all day. The fall up to 8 o'clock p. m. was 3.36 inches. The barometer was the lowest ever recorded.

The weather bureau has sent flood warnings to all points in Alabama and Georgia reached by the Chattahoochee and Alabama rivers.

At Tampa, Fla., hurricane signals are out and the wind is blowing 34 miles an hour, with increasing speed. All boats are close in port and a severe storm is raging in the gulf. Indications are for a hard blow before morning. Advice from Martin, Fla., state that a hurricane has struck that place and scores of houses in the town and community have been demolished or damaged. There was a cloudburst in Tampa and the town was flooded.

Advices from Key West state that a heavy blow is in progress with strong indications for a severe storm.

RESPECTFULLY DECLINE.

Liberal Unionists Will Not March Under Rosebery's Banner.

London, Feb. 28.—The Liberal Unionists, at the annual meeting of the Liberal Unionist council, definitely repudiated any desire to enroll themselves under Lord Rosebery's banner. The Duke of Devonshire, Lord president of the council, who presided, declared Lord Rosebery had done great service in dissociating himself from the pro-Ber element, but the speaker failed to see how the Liberal Imperialist party could offer any inducements to the Unionists. Men who refused to play the game and impartially blamed others, all around, whether Kipling or Rosebery, would meet with very scant sympathy. The country was not disposed to follow the flag of statesmen who had quietly looked on while those new guides of the Liberal party had led it deeper and deeper into the mire. He sympathized with Lord Rosebery's offer to reconstruct the party, but did not expect his efforts would be attended with success. In the meanwhile he believed the Unionists would adhere to their own party.

The resolutions passed by the meeting referred to the openly expressed hopes of the Roseberites of getting Unionist recruits and declared that these hopes were quite groundless.

STORM AT DULUTH.

Recent Warm, Unseasonable Weather Followed by Snow.

Duluth, Feb. 28.—The week of warm, unseasonable weather that has prevailed at the Head of the Lakes has been succeeded by a heavy storm that started with rain, followed by snow, with a strong northwest wind. As the ice in the lake is thin it is expected that the field will break up before morning.

The warm weather has seriously affected the logging business in this section of the state and hundreds of men have been laid off because of disappearance of snow and ice in the woods.

Presidency Accepted by Gage.

New York, Feb. 28.—Ex-Secretary of the Treasury Lyman J. Gage has gone to Palm Beach and other points in Florida. Before leaving he wrote to the United States Trust company accepting the formal tender of the presidency of that company recently made by the trustees. He will probably assume the duties of his position in April.

MR. FRYE EXPLAINS.

His Reason for Restoring McLaurin and Tillman to Senate Roll.

Washington, Feb. 28.—Under special order the senate convened at 11:45 a. m. in order that it might attend as a body the services in memory of the late President William McKinley, held in the hall of the house of representatives. As soon as the body had been called to order, Mr. Frye, the president pro tem., said that by his direction on last Monday the clerk had not called the names of the two senators from South Carolina, they being in contempt of the body. On Tuesday, he said, he had directed the clerk to restore the names to the roll in the event of a roll call. He had done this, not because he doubted the propriety of his action on Monday, but because a very grave question was involved, which he desired to submit to the senate itself.

Mr. Frye said that the senator from Washington, Mr. Turner had taken an appeal from the decision of the chair on Monday, but amid the cloud of points of order and objections he (Frye) had overlooked and forgotten the appeal and had proceeded with other business. For his forgetfulness he begged the pardon of the senator from Washington. Had he done such a thing willfully, he said, he never could have forgiven himself.

Mr. Frye said he had received a letter from the senior senator from South Carolina (Mr. Tillman), requesting that he be heard on a question of highest privilege. The chair could not entertain such a request in the circumstances without the unanimous consent of the senate, but at the proper time such request might be entertained. At Mr. Turner's request the letter was spread upon the minutes of the senate.

MAY NOT GO TO CHARLESTON.

Doubtful if President Roosevelt Will Visit the Exposition.

Washington, Feb. 28.—The action of Lieutenant Governor Tillman of South Carolina in withdrawing the invitation to President Roosevelt to present a sword to a South Carolina officer for volunteer services in the Spanish-American war has caused considerable doubt as to whether President Roosevelt will visit the Charleston exposition as he had intended to do. A number of telegrams on the subject have been received at the White House from South Carolina and other states. It can be stated that the telegram of Lieutenant Governor Tillman has been received at the White House and that no attention whatever has been paid to it. The statement was made at the White House that the president has not abandoned his proposed trip to Charleston.

Charleston, S. C., Feb. 28.—In response to an inquiry as to what action the exposition board would take in regard to Lieutenant Governor Tillman's telegram to President Roosevelt withdrawing the invitation to present a sword to Major Jenkins, Captain F. W. Wagener, president of the exposition company, said:

"None of the exposition officials have any connection with Colonel Tillman's action and all look forward with pleasure to the proposed visit of President Roosevelt."

DID LITTLE BUSINESS.

Minnesota Legislature Has a Very Quiet Day.

St. Paul, Feb. 28.—The senate re-passed the Bobleter bill as originally introduced. The vote stood 36 to 20. Three senate bills and the same number of house bills were also passed.

The motion of Senator Ives to reconsider the memorial to congress urging the establishment of an army post at Crookston was voted down.

In the house the main item of interest was a contest over the Nyquist bill to repeal the dog tax law. The bill was amended making the repeal optional with the commissioners of any county and the measure was placed on general orders.

The house concurred in the senate resolution designating the moccasin flower as the state flower.

Mr. O'Neill's bill turning money derived from the sale of dead and down timber in Itasca state park into the park fund was passed.

NEW SHEET STEEL PLANT.

Independent Companies Looking for a Suitable Location.

Cincinnati, Feb. 28.—At the Grand hotel was held a conference of a committee to which has been entrusted the selection of a location for a new sheet steel plant that is to cost from \$2,000,000 to \$10,000,000, according to the members. The members of the committee are said to represent 42 independent steel plants in 16 different states of the Union. The object is to establish an independent plant for turning out the raw material or billets of steel for all these 42 mills. The enterprise also contemplates the purchase and operation of a line of steamers for carrying purposes from Duluth and the Lake Superior mining regions. Another meeting will be held shortly at which some definite action may be taken.

CUBAN CUSTOMS REVENUES.

Comparative Statement Issued by the War Department.

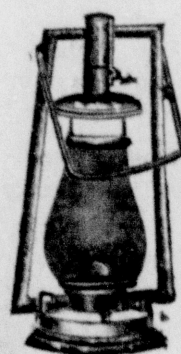

Washington, Feb. 28.—The division of insular affairs of the war department has given out for publication a statement showing that the customs revenues in Cuba for the calendar year 1901 were \$15,626,288, as compared with \$16,999,522 for 1900, and \$14,854,374 for 1899. The duty on exports was abolished April 1, 1901. The customs revenues, exclusive of export duties, increased in 1901 over the previous year by \$223,931, or 2 per cent, and over the second preceding year by \$1,228,880, or 9 per cent.

PUNISHMENT FOR M'LAURIN
AND TILLMAN.

WILL TREAT BOTH ALIKE

Proposition to Make Rebuke of the
Last Named Senator More Severe
Practically Abandoned—Democrats
Want the Reprimand to Be in Very
Strong Language—No Apology Will
Be Required.

Washington, Feb. 28.—The sub-committee of the senate committee on privileges and elections, which was appointed to formulate a proposition for the proper punishment of Senators Tillman and McLaurin of South Carolina for their offense to the senate of last Saturday, has practically concluded to recommend that the two senators be severely censured for their conduct and to limit the punishment to censure. The meeting was a very harmonious one and little difference of opinion developed. The Republican members of the sub-committee did not themselves contend for a resolution suspending the two senators, but represented that there were some Republican members of the full committee who adhere to the opinion that through suspension only can adequate punishment be meted out to the offending members. Senator Beveridge is understood to be among the most strenuous advocates of this form of proceeding and Senator McComas is inclined to agree with him. Some doubt is expressed as to whether they will unite in a report limiting the punishment to censure. On the other hand some of the Democratic members made it very plain that they not only would not agree in committee to the reporting of a resolution of suspension, but that if such a resolution should be presented to the senate by a majority of the committee they would resist its adoption by the senate to the extent of insisting upon prolonged debate. The Republican members of the committee, and also many Republican senators who are not members of the committee, have given very serious attention to this possibility of delay in the senate, and there is no doubt that it is having a pronounced influence on the disposal of the question. They recognize the fact that if so disposed the minority can

Obstruct All Legislation

for an indefinite time and probably continue the present session of congress far into the summer. Some of them also hold the view that censure is a more severe and certain form of punishment than suspension.

There has been considerable discussion of the matter of a differentiation of the punishment of the two senators, some of the Republican members holding out strongly for a more severe rebuke to Senator Tillman than to Senator McLaurin, because they hold that his offense of striking a fellow senator was greater than that of his colleague, who gave the provocation to the blow, but this course has been practically abandoned so far as the sub-committee is concerned, and both will be equally reprimanded. It also has been virtually decided that no apology shall be exacted from the senators, the reason for eliminating any requirement of that kind being found in the fact that senators generally fear such enforced apologies might not amount to apologies after all.

The Democratic members of the committee have suggested that the censure should be in very severe lan-

guage, and, if anything, have been inclined to be more caustic than their Republican colleagues. It is the desire of all the members of the committee to find a course of action that will be acceptable to the entire senate, and the only difficulty now appears to be to secure the consent of those Republicans who believe the occasion calls for more than mere words of rebuke. The resolution will impose on the president of the senate the task of administering the reprimand.

SCHLEY AND HOBSON.

Naval Heroes Warmly Greeted at the Charleston Exposition.

Charleston, S. C., Feb. 28.—It was a great day for the Daughters of the American Revolution at the exposition. Overwhelming plaudits greeted Admiral Schley and Captain Hobson, the chief speakers at the Auditorium. Both naval heroes are the special guests of the D. A. R.

The services at the Auditorium were long but inspiring, the main features being the address of Mrs. Charles W. Fairbanks, president general of the national organization, on "The Inspiration of Revolutionary Memories," and the addresses of Admiral Schley and Captain Hobson.

The enthusiasm knew no bounds when the admiral rose to speak. His address was a brief but graceful tribute to the D. A. R. and "those sweet grandmothers and great grandmothers who lived in the times of plainer living and higher thinking." Historic Charleston and its exposition were warmly praised.

Captain Hobson's theme was "The Ever Victorious Navy," and the applause was prolonged. He said the character of the navy was typified by Dewey in the East and Sampson and Schley in the West, when they set a new standard for naval warfare in effecting the total destruction of the enemy's fleets without any loss to their own.

CHARGED WITH MURDER.

Captain Streeter of the "District of Lake Michigan" Indicted.

Chicago, Feb. 28.—Captain Streeter, claimant to the filled-in land on the lake front known as the "District of Lake Michigan," will have to face a trial on the charge of murder. He has been indicted by the grand jury in connection with William McManners, Henry Hoidtke and William Force, charged with being responsible for the death of John S. Kirk, a watchman employed by Henry N. Cooper.

Samuel Protine, the aged watchman who was Kirk's companion at the time of the battle two weeks ago in the District of Lake Michigan and who had been held a prisoner pending the inquest, was exonerated and released from jail.

The indictment of Streeter on the murder charge was something of a surprise because of the fact that former statements in the case seemed to clear him of any connection with the shooting, except in that he was alleged to have directed the others to resist any interference in the district.

GERMANY GETS A CONCESSION.

Acquires a Mining Monopoly in Shantung Province.

London, Feb. 28.—Cabling from Peking the correspondent of The Times says he has learned that the German agreement for the acquisition of a mining monopoly in Shantung province is upon the eve of settlement and that it will confer great political advantages. The agreement will practically close a large part of Shantung province to British and American industrial enterprise and the question is not unnaturally asked, continues the correspondent, how Great Britain and the United States can ignore the inconsistency of their attitude in protesting against Russian encroachments in Manchuria, while acquiescing in the more insidious but equally exclusive policy of Germany in Shantung.

He has been indicted by the grand jury in connection with William McManis, Henry Hoidtke and William Force, charged with being responsible for the death of John S. Kirk, a watchman employed by Henry N. Cooper.

Samuel Protine, the aged watchman who was Kirk's companion at the time of the battle two weeks ago in the District of Lake Michigan and who had been held a prisoner pending the inquest, was exonerated and released from jail.

The indictment of Streeter on the murder charge was something of a surprise because of the fact that former statements in the case seemed to clear him of any connection with the shooting, except in that he was alleged to have directed the others to resist any interference in the district.

GERMANY GETS A CONCESSION.

Acquires a Mining Monopoly in Shantung Province.

London, Feb. 28.—Cabling from Peking the correspondent of The Times says he has learned that the German agreement for the acquisition of a mining monopoly in Shantung province is upon the eve of settlement and that it will confer great political advantages. The agreement will practically close a large part of Shantung province to British and American industrial enterprise and the question is not unnaturally asked, continues the correspondent, how Great Britain and the United States can ignore the inconsistency of their attitude in protesting against Russian encroachments in Manchuria, while acquiescing in the more insidious but equally exclusive policy of Germany in Shantung.

When Miss Roosevelt Goes to Court.

Dressed in her crimson robes, I throw They may be glad who rather there To give the western girl a show. And we that have the pride of kings And bow to none that tread the earth— We who shine but for what we do. Since we are all of royal birth— May be assured that all the world Shall bear a fair and proud report In re the daughter of the west. When Princess Alice goes to court.

They say that she will have no crown; Ah, but they err, for she will wear The fairest, proudest crown of all That may bedeck the proud heads there. Upon her brow the diadem Of liberty will lightly rest, Emblazoning and distinguishing The royal daughter of the west. And thrice shall he be honored who Extends his arm for her support, Though scored of a hundred kings. When Princess Alice goes to court.

How pitiful will they appear Among the lesser subjects there Who eagerly have wedded for The foolish titles that they bear! She, radiant daughter of the west, Shall stand before them free and proud. A cynosure for all, while they Remain unnoticed in the crowd. And we that are as kings uncrowned, By birth required to report To God alone, may point with pride When Princess Alice goes to court. —S. E. Kiser in Chicago Record-Herald.

When Miss Roosevelt Goes to Court.

When Princess Alice goes to court, dressed in her crimson robes, I trow they may be glad who gather there To give the western girl a show. And we that have the pride of kings And how to none that tread the earth— We who shine but for what we do, Since we are all of royal birth— May be assured that all the world Shall hear a fair and proud report In re the daughter of the west. When Princess Alice goes to court.

They say that she will have no crown; Ah, but they err, for she will wear The fairest, proudest crown of all That may bedeck the proud heads there. Upon her brow the diadem Of liberty will lightly rest, Ennobling and distinguishing The royal tught of the west. And thrice shall he be honored who Extends his arm for her support, Though scion of a hundred kings. When Princess Alice goes to court.

How pitiful will they appear Among the lesser subjects there Who eagerly have wedded for The foolish titles that they bear! She, radiant daughter of the west, Shall stand before them free and proud. A cynosure for all, while they Remain unnoticed in the crowd. And we that are as kings uncrowned, By birth required to report To God alone, may point with pride When Princess Alice goes to court. —S. WORKED GRAFT WITH SUCCESS

Claimed that a Number of Solicitors for a Magazine Reaped Rich Harvest.

WORKED ABOUT TWO HUNDRED.

The Scheme was Laid Before the Ladies of the City Mostly.

The taming of Chas. B. Hanford's shrew should really be a very mild dose for some of the dear good housewives, of the city of Brainerd, who are being taken in from time to time by ready-money individuals who pounce down on the city with some well padded scheme. Some of their suave talent have been getting in their work in Brainerd again and the two fairies who "did" the town reaping a good harvest for an "orphan home" should be played on the bench for the rest of the season.

Last fall sometime a drove of misfits struck town and registered at one of the hotels and began at once to "map out" things which would bring great results. They represented what they dubbed the Cincinnati Publishing company and had all kinds of good "spiels" to hand out to the unpretentious public.

Their scheme run something like this: They had a magazine to sell, which they wanted to introduce to the world. Consequently they offered to give liberal premiums to those who would subscribe for the periodical, and the beauty about the whole deal was that the amount of money that would have to be paid out would be only ten cents per copy, payment to be made each time the magazine was delivered. Naturally ten cents was a small amount and they could easily rope in any number of subscribers.

The offer was made that "one gold filled ladies' stem winding watch, fitted with an American movement, entirely free of charge," would be given the subscriber at the expiration of a subscription to the magazine, consisting of 85 copies at 10 cents each. Then the document went on to say that as a speciality they would likewise offer premiums of different kinds ranging from dinner sets to parlor rockers. After fifty-two of the copies of the "magazine" had been taken, a catalogue would be sent and the "dear" subscriber could just select anything they desired—a house and lot if they wanted it. Just to make business strong these suave individuals had a certificate of guarantee which they would have all filled out and signed by the agent here who gave his name as L. Grigsby, and to clinch the whole affair they found out someone who was well known in the city as a notary to witness the "manager's" signature. In this city, as in other cities it has been found later, the clerk of court was sought out. Of course Mr. W. A. M. Johnston witnessed the signatures of Grigsby in this city but this was but a common thing for him to do in his official capacity, placing the seal of the county as clerk of court on the same. Once securing the seal of the county and Mr. Johnston's name to the document, the "talent" sailed forth to conquer and they did it up brown.

In witnessing these signatures Mr. Johnston in no way guaranteed anything except that he saw the man sign his name.

Many of those who subscribed in the city paid for 85 magazines at 10 cents apiece or 52 at 10 cents apiece, \$8.50 and \$5.20 respectively. But they have waited in vain for the catalogue and since it was thought that the whole affair was a fake, Clerk of Court Johnston and Chief Nelson wrote to Cincinnati to the publishing firm but the letters were returned. Those who "bit" feel sort of funny these days, and the fact that they had hoped to lay in a parlor set, decorated China set of dishes, rockers, etc., does not help matters out any.

One of your spare moments will be well spent by looking over the new line of spring hats at Linneman & Carlson.

Silk Remnant Sale.
Hundreds of yards of fine fancy waist silks, all lengths, all colors at about half price this week at Moberg's store.

Only one remedy in the world that will at once stop itching of the skin in any part of the body; Doan's Ointment. At any drug store, 50 cents.

BICYCLE ASSOCIATION MEETING.

A Meeting to be Called Sometime Next Week by R. D. King, to Talk Over Plans for the Year.

R. D. King, who is secretary of the Brainerd Bicycle Association, will call a meeting some time next week at which time all the members of the association and those interested in cycle matters will be invited to be present to discuss plans for the coming year.

AND NEXT DAY IT SNOWED.

A Fall of Snow Makes the Hearts of Loggers and Lumbering Men Glad-- Now for a Cold Snap.

Last night there was a steady rain until about ten o'clock when the rain turned to snow and during the night quite a quantity of the "whiteness" fell so that by morning there was quite a covering. It has snowed quite hard during the day and if it keeps on through the night tonight and turns cold tomorrow logging operations can be resumed again in the woods.

Loggers are now praying for just ten days or two weeks of favorable weather and they believe that their season's work will have been accomplished. The weather indications are favorable and lumbering men may yet wind up the season with good results.

COUNTY SEAT FIGHT.

At Coming Election There will be a Warm Time in Beltrami County Over The Matter.

At the coming village and township elections in Beltrami county a proposition will be submitted to the voters on the issue of \$50,000 5 per cent bonds maturing in fifteen years, for the purpose of building a new court house and addition to the county jail at Bemidji. The present court house is an old frame relic, and the jail cannot accommodate hardly a third of the county prisoners. Many are kept in Crookston at a cost of \$20 a day to Beltrami county, which will probably spend \$1,500 this year on railroad fares alone for sheriff and prisoners between Bemidji and Crookston. Many also are kept in Brainerd.

In spite of this condition, there is a decided opposition to the bond issue. This comes largely from the foreign pine owners, who do not wish to see public improvements carried too far until their timber is out of reach. Their opposition is reasonable, as they pay, outside of the village, a major share of the county taxes. Then there are other opponents who desire to wrest from Bemidji the county seat or remove from it the territory of which it is the capital by dividing the county. There are two active movements for such an object, and the new town of Blackduck stands ready to launch its campaign for this purpose at a moment's notice.

Citizens of Bagley and citizens of Shevlin are hustling for signatures on rival petitions for a division of the county. Both want a slice of Beltrami cut off into a new county, but each town wants the line drawn in such a way as will make it the county seat.

Bagley people want the three tiers of towns between Becker county and the Red Lake reservation, forming the western limits of Beltrami county, as the new county, making a county of less than twenty-four townships. Shevlin wants this territory and still another tier to the east, making a county of twenty-eight townships.

Should the Bagley county be organized, that village would be in the center; the same may be said of Shevlin, should its plan win. Both factions are getting up a petition to forward to the governor. They are urging their claims now, as they can do little without the co-operation of Bemidji, and they are willing to swap votes for the bonds for the votes for division. The situation is peculiar. Beltrami county is 130 miles long and 54 miles wide, and is large enough for four counties. The western half is well populated, but it is perhaps too soon for the dissolution.

Only 25c at McFadden Drug Co. and H. P. Dunn & Co's drug store.

The best mail service in the world is furnished by our government. The present arrangement of the United States government for the transportation of mail matter from the Atlantic to the Pacific coast in less than four days is not paralleled in any other part of the world. This also is a very striking commentary on the excellent condition and splendid management of the American railroads. A large amount of mail passing between the Atlantic and Pacific is carried through the twin cities, necessitating exceptionally fast service between those points and Chicago. The Milwaukee road was years ago selected by the United States government as the official fast mail line to and from the Northwest and is the road to which the business public looks for its mail facilities.

"I was weak and pale, without any appetite and all run down. As I was about to give up, I got a bottle of Electric Bitters and after taking it I felt as well as I ever did in my life." MUSIC AND DRAMA.

WILLIAM OWEN TOMORROW NIGHT.

William Owen, who will appear at the Brainerd Opera House tomorrow night is well known to Brainerd theatre goers, in fact so well known that he personally does not need extended comment. J. W. McConnell who is supporting Mr. Owen is also well known as one of the most brilliant characters on the stage today.

As long as the Sun gives heat to the Earth and man's blood runs warm in his veins so long will Romeo and Juliet interest mankind. The story is so simple, so easily understood and the feelings it arouses are of such primary and natural a nature that the audience appealed to is not a class but the mass itself. The play is the heritage of mankind—a priceless legacy left by the genius of Shakespeare. He who runs may read. It can no more be narrowed down to the appreciation of the few than Niagara can be confined within the limits of a pint bottle. It needs no special literary training to appreciate it and yet it has been the wonder and despair of the critics ever since it was written. A child can understand it and yet a philosopher stands amazed at its transcendent perfection. So long as the youth is interested in the maiden, so long as there is marrying and giving in marriage, so long will Romeo and Juliet hold the boards.

The sale of seats opened this morning at H. P. Dunn & Co's drug store.

"THE PRIDE OF JENNICO."

In "The Pride of Jennico" Daniel Frohman secured a play which has been pronounced fit to rank alongside of all the best known dramas of the romantic school which have seen the light in the past decade. The play is original in treatment and plot and although it is founded upon, and takes its title from a novel, it is merely the chief incident in the novel which serves as the theme. New characters are introduced and the play owes all its success to the treatment it has received at the dramatists' hands.

The present company now touring the country is by special arrangement with Mr. Frohman and under the management of Munro and Sage, who also control "The Prisoner of Zenda." It will be given here shortly at the Brainerd Opera House with a fine company and a car load of scenery and accessories.

FREDERICK WARDE.

At a date in the near future Brainerd people will have an opportunity of seeing Frederick Warde who has been booked at the Brainerd Opera House by Manager Walker. Just the mention of his name assures a good audience.

"JED PROUTY"

Perhaps no organization on the road wins over more people than does Richard Golden and his excellent company in "Jed Prouty." This will be the offering at the Brainerd Opera House on the evening of March 24th.

"WHEN WE WERE TWENTY-ONE."

Brainerd theatre goers will be pleased to learn that Manager Walker has booked for March 10 at the Brainerd Opera House, "When We Were Twenty-one." Mr. Walter Walker, the young comedian who is appearing as "Dick Carew" is attracting great attention and receiving unstinted praise for his artistic work in that many-sided character. Mr. Walker has been a star for a number of years, and is well known to all theatre-goers for his fine work in "The Nominee" and "A Bachelor's Honey-moon." One of the new stage beauties is appearing this season in the part of "Phyllis" in and is meeting with great success. She is Miss Dorothy Tennant, and, although a Californian by birth, is a cousin of Lady Stanley, of England, wife of the great explorer.

"CHARLEY'S AUNT"

Those who are to take part in the production of "Charley's Aunt," which will be put on on the evening of St. Patrick's day are putting in considerable time in rehearsing and they are able to promise a very good entertainment. The play is being put on by local talent under the auspices of St. Francis Catholic church with such notables as Al Mattes, Chas. E. Wilson and H. P. Dunn in the leading roles. Besides the production of this very interesting comedy there will be music appropriate to the occasion. Among the ladies who take leading roles are Miss Maimie Carney, Miss Dell Reilly and Miss May McCarthy.

WORKED GRAFT WITH SUCCESS

Claimed that a Number of Solicitors for a Magazine Reaped Rich Harvest.

WORKED ABOUT TWO HUNDRED.

The Scheme was Laid Before the Ladies of the City Mostly.

The taming of Chas. B. Hanford's shrew should really be a very mild dose for some of the dear good housewives, of the city of Brainerd, who are being taken in from time to time by ready-money individuals who pounce down on the city with some well padded scheme. Some of their suave talent have been getting in their work in Brainerd again and the two fairies who "did" the town reaping a good harvest for an "orphan home" should be played on the bench for the rest of the season.

Last fall sometime a drove of misfits struck town and registered at one of the hotels and began at once to "map out" things which would bring great results. They represented what they dubbed the Cincinnati Publishing company and had all kinds of good "spies" to hand out to the unpretentious public.

Their scheme run something like this: They had a magazine to sell, which they wanted to introduce to the world. Consequently they offered to give liberal premiums to those who would subscribe for the periodical, and the beauty about the whole deal was that the amount of money that would have to be paid out would be only ten cents per copy, payment to be made each time the magazine was delivered. Naturally ten cents was a small amount and they could easily rope in any number of subscribers.

The offer was made that "one gold filled ladies' stem winding watch, fitted with an American movement, entirely free of charge," would be given the subscriber at the expiration of a subscription to the magazine, consisting of 85 copies at 10 cents each. Then the document went on to say that as a specialty they would likewise offer premiums of different kinds ranging from dinner sets to parlor rockers. After fifty-two of the copies of the "magazine" had been taken, a catalogue would be sent and the "dear" subscriber could just select anything they desired—a house and lot if they wanted it. Just to make business strong these suave individuals had a certificate of guarantee which they would have all filled out and signed by the agent here who gave his name as L. Grigsby, and to cinch the whole affair they found out someone who was well known in the city as a notary to witness the "manager's" signature. In this city, as in other cities it has been found later, the clerk of court was sought out. Of course Mr. W. A. M. Johnston witnessed the signatures of Grigsby in this city but this was but a common thing for him to do in his official capacity, placing the seal of the county as clerk of court on the same. Once securing the seal of the county and Mr. Johnston's name to the document, the "talent" sailed forth to conquer and they did it up brown.

In witnessing these signatures Mr. Johnston in no way guaranteed anything except that he saw the man sign his name.

Many of those who subscribed in the city paid for 85 magazines at 10 cents apiece or 52 at 10 cents apiece, \$8.50 and \$5.20 respectively. But they have waited in vain for the catalogue and since it was thought that the whole affair was a fake, Clerk of Court Johnston and Chief Nelson wrote to Cincinnati to the publishing firm but the letters were returned. Those who "bit" feel sort of funny these days, and the fact that they had hoped to lay in a parlor set, decorated China set of dishes, rockers, etc., does not help matters out any.

One of your spare moments will be well spent by looking over the new line of spring hats at Linneman & Carlson.

BICYCLE ASSOCIATION MEETING.

A Meeting to be Called Sometime Next Week by R. D. King, to Talk Over Plans for the Year.

R. D. King, who is secretary of the Brainerd Bicycle Association, will call a meeting some time next week at which time all the members of the association and those interested in cycle matters will be invited to be present to discuss plans for the coming year.

Mr. King stated last evening that it was the intention to make more improvements next year than ever before, and he thinks after the good results of last year there will be more of a concerted effort among those who are interested in securing good paths, etc. The date of the meeting to be held next week will be announced later.

AND NEXT DAY IT SNOWED.

A Fall of Snow Makes the Hearts of Loggers and Lumbering Men Glad—Now for a Cold Snap.

Last night there was a steady rain until about ten o'clock when the rain turned to snow and during the night quite a quantity of the "whiteness" fell so that by morning there was quite a covering. It has snowed quite hard during the day and if it keeps on through the night tonight and turns cold tomorrow logging operations can be resumed again in the woods.

Loggers are now praying for just ten days or two weeks of favorable weather and they believe that their season's work will have been accomplished. The weather indications are favorable and lumbering men may yet wind up the season with good results.

Bellamy, a locomotive fireman, of Burlington, Iowa, "I was weak and pale, without any appetite and all run down. As I was about to give up, I got a bottle of Electric Bitters and after taking it I felt as well as I ever did in my life." Weak, sickly, run down people always gain new life, strength and vigor from their use. Try them. Satisfaction guaranteed by McFadden Drug Co. & H. P. Dunn & Co.

MUSIC AND DRAMA.

WILLIAM OWEN TOMORROW NIGHT.

William Owen, who will appear at the Brainerd Opera House tomorrow night is well known to Brainerd theatre goers, in fact so well known that he personally does not need extended comment. J. W. McConnell who is supporting Mr. Owen is also well known as one of the most brilliant characters on the stage today.

As long as the Sun gives heat to the Earth and man's blood runs warm in his veins so long will Romeo and Juliet interest mankind. The story is so simple, so easily understood and the feelings it arouses are of such primary and natural a nature that the audience appealed to is not a class but the mass itself. The play is the heritage of mankind—a priceless legacy left by the genius of Shakespeare. He who runs may read. It can no more be narrowed down to the appreciation of the few than Niagara can be confined within the limits of a pint bottle. It needs no special literary training to appreciate it and yet it has been the wonder and despair of the critics ever since it was written. A child can understand it and yet a philosopher stands amazed at its transcendent perfection. So long as the youth is interested in the maiden, so long as there is marrying and giving in marriage, so long will Romeo and Juliet hold the boards.

The sale of seats opened this morning at H. P. Dunn & Co's drug store.

"THE PRIDE OF JENNICO."

In "The Pride of Jennico" Daniel Frohman secured a play which has been pronounced fit to rank alongside of all the best known dramas of the romantic school which have seen the light in the past decade. The play is original in treatment and plot and although it is founded upon, and takes its title from a novel, it is merely the chief incident in the novel which serves as the theme. New characters are introduced and the play owes all its success to the treatment it has received at the dramatists' hands.

The present company now touring the country is by special arrangement with Mr. Frohman and under the management of Munro and Sage, who also control "The Prisoner of Zenda." It will be given here shortly at the Brainerd Opera House with a fine company and a car load of scenery and accessories.

FREDERICK WARDE.

At a date in the near future Brainerd people will have an opportunity of seeing Frederick Warde who has been booked at the Brainerd Opera House by Manager Walker. Just the mention of his name assures a good audience.

"JED PRONTY"

Perhaps no organization on the road wins over more people than does Richard Golden and his excellent company in "Jed Pronty." This will be the offering at the Brainerd Opera House on the evening of March 24th.

"WHEN WE WERE TWENTY-ONE."

Brainerd theatre goers will be pleased to learn that Manager Walker has booked for March 10 at the Brainerd Opera House, "When we Were Twenty-one." Mr. Walter Walker, the young comedian who is appearing as "Dick Carew" is attracting great attention and receiving unstinted praise for his artistic work in that many-sided character. Mr. Walker has been a star for a number of years, and is well known to all theatre-goers for his fine work in "The Nominee" and "A Bachelor's Honeymoon." One of the new stage beauties is appearing this season in the part of "Phyllis" in and is meeting with great success. She is Miss Dorothy Tennant, and, although a Californian by birth, is a cousin of Lady Stanley, of England, wife of the great explorer.

"CHARLEY'S AUNT"

Those who are to take part in the production of "Charley's Aunt," which will be put on on the evening of St. Patrick's day are putting in considerable time in rehearsing and they are able to promise a very good entertainment. The play is being put on by local talent under the auspices of St. Francis Catholic church with such notables as Al Mattes, Chas. E. Wilson and H. P. Dunn in the leading roles. Besides the production of this very interesting comedy there will be music appropriate to the occasion. Among the ladies who take leading roles are Miss Maimie Carney, Miss Dell Reilly and Miss May McCarthy.
